Board meeting

DATE

November 16th

TIME

11:00 AM

MEETING CALLED TO ORDER BY

Guilherme Amaral

IN ATTENDANCE

Gabriel Santos, Guilherme Amaral, Francisco Albergaria, João Gaspar

TOPIC

- Corrections after sprint
- Next iteration
- Front end

BOARD

Guilherme distributed work for the corrections appointed by the teacher. While the whole team finished the front end, Gabriel and João were in charge of correcting the docker and endpoints and finding a way to leave documentation on without running program. Guilherme corrected issues' related problems, Francisco worked on the front end and actively participated in the debate regarding the back end and front-end problems.

DESCRIPTION

Gabriel, who had taken note of all the issues pointed out during the sprint, started by pointing them out for correction.

Guilherme distributed tasks accordingly.

João mainly debated on back-end problems.

Francisco mainly debated on front-end problems.

Gabriel cleared some of Guilherme's doubts regarding authentication.

TODO

- Correct endpoints (additional safety measures and improved readability)
- Tests
- Docker compose corrections
- Documentation openable without running app
- Issue redirects directly to branch (easier access)
